VOICE

TONES OF VOICE

The Cliffco brand voice brings our brand personality to life. It is the way we speak to the world.

DIRECT

The mortgage industry is complicated, but we're here to make it simple with our "No BS" approach. Our communication is right to the point with no fluff, unnecessary complexity, or confusing terminology.

SOPHISTICATED

We believe that real estate isn't just meant for the rich and famous. We aspire to have every customer feel as though they are in an elite club worthy of the white glove service they deserve.

INSPIRING

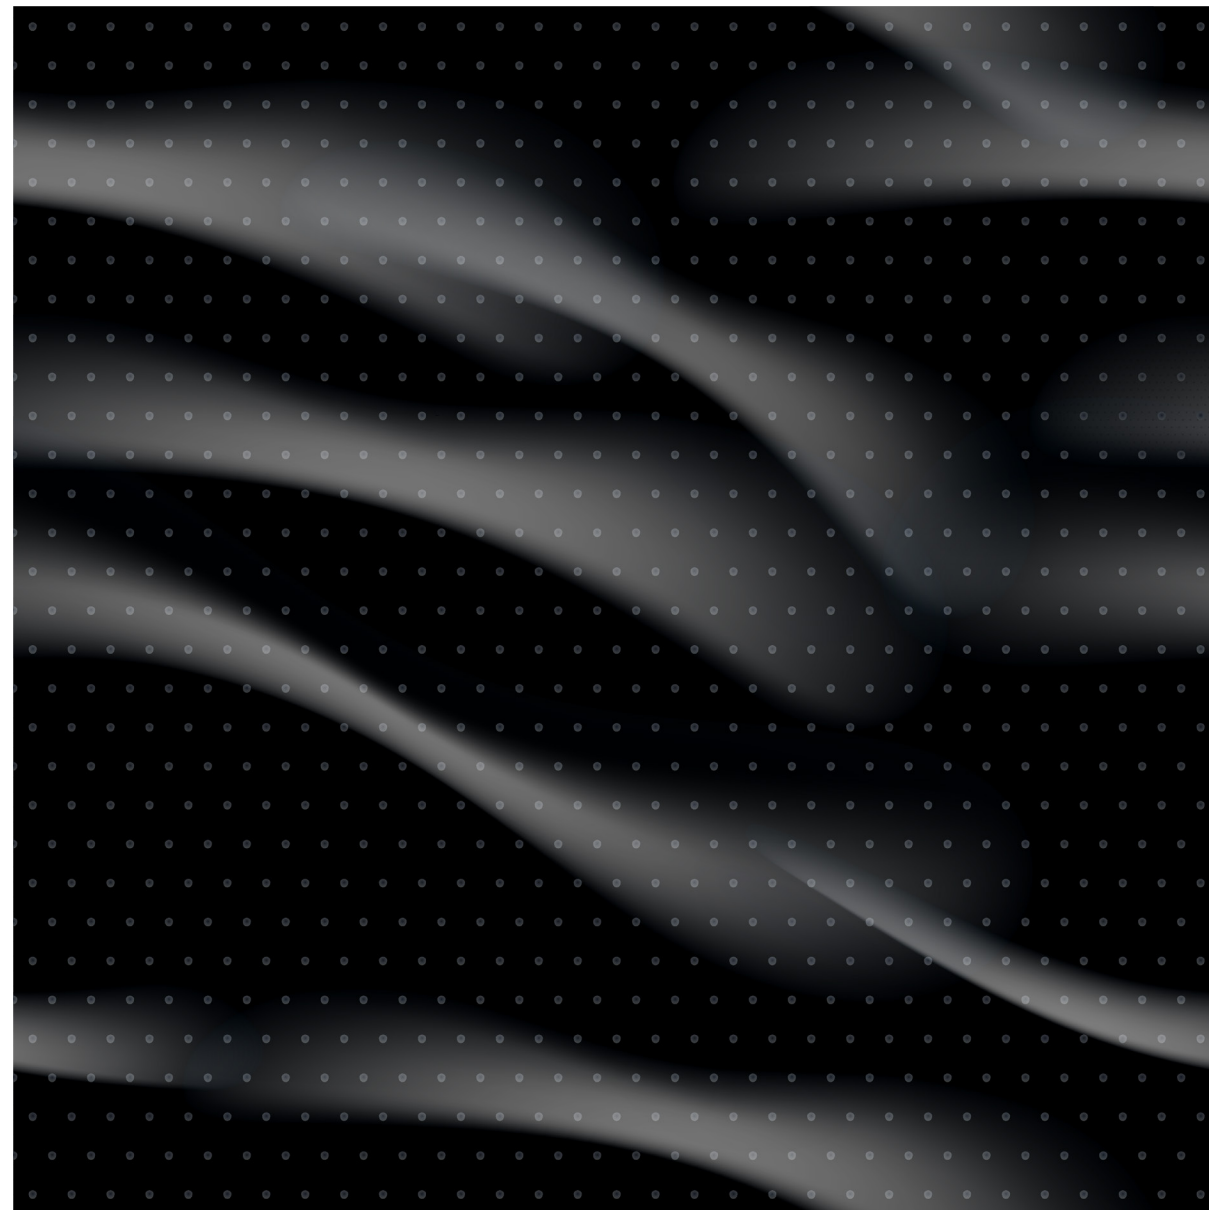

We have bold goals for our clients and employees, so it's important for us to inspire action through our words. We will continuously motivate others to make smart financial decisions.

PROFESSIONAL

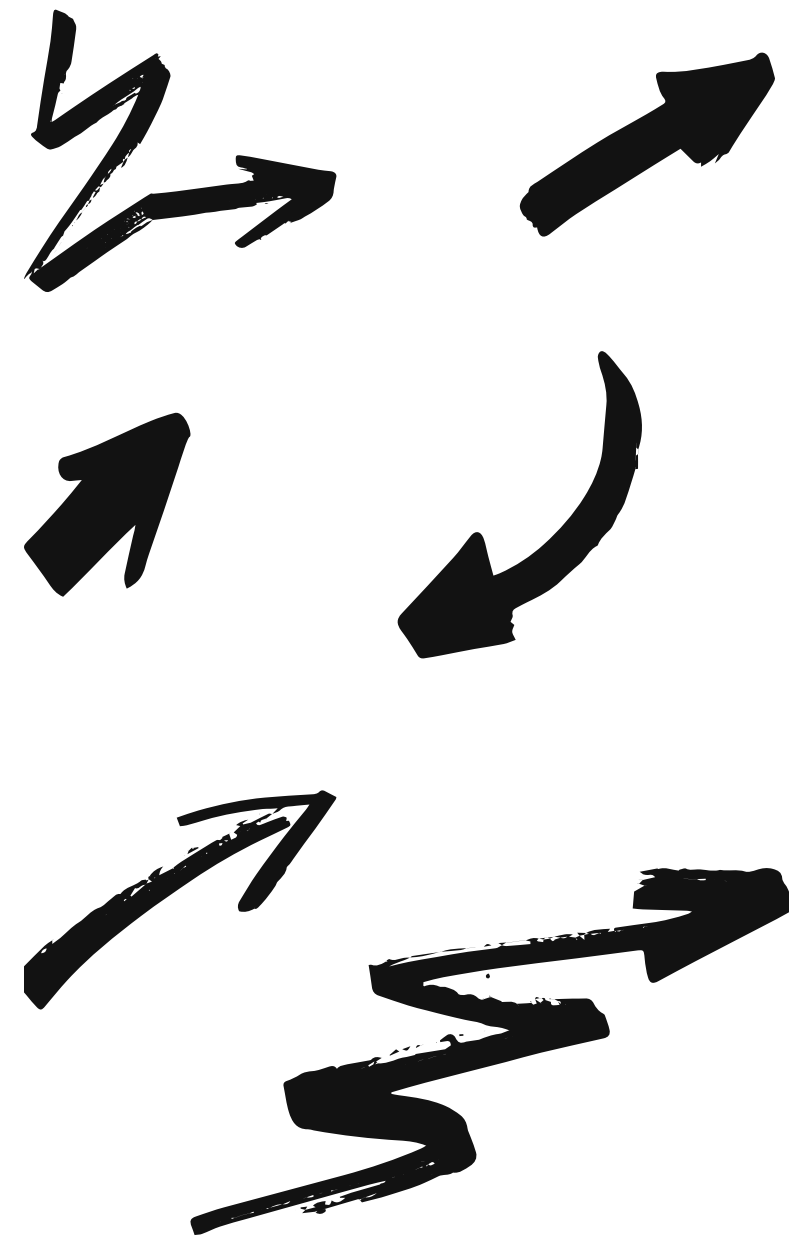

Although we like to have fun, we recognize that we are handling the most important decisions in people's lives and will always respond and communicate in a professional way regarding finances and transactions.

PATTERNS

These patterns are available in black and white, and should have opacity set at an appropriate level when used so as to not overpower the content on top of it. This pattern mimics the texture of a basketball and can be utilized in subtle ways to add some texture to a marketing piece.

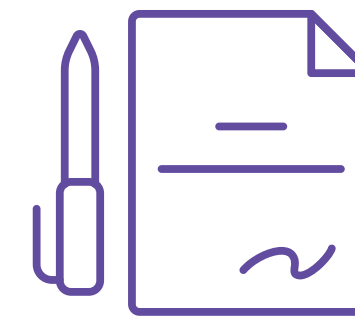

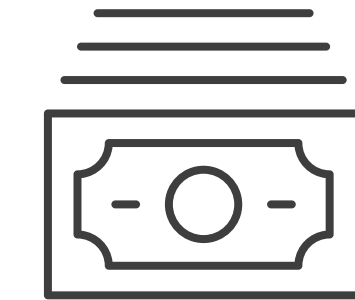

ICONOGRAPHY

Arrows can be used in small and subtle ways as call-outs on marketing pieces, however, it is important not to overuse them or make them too large.

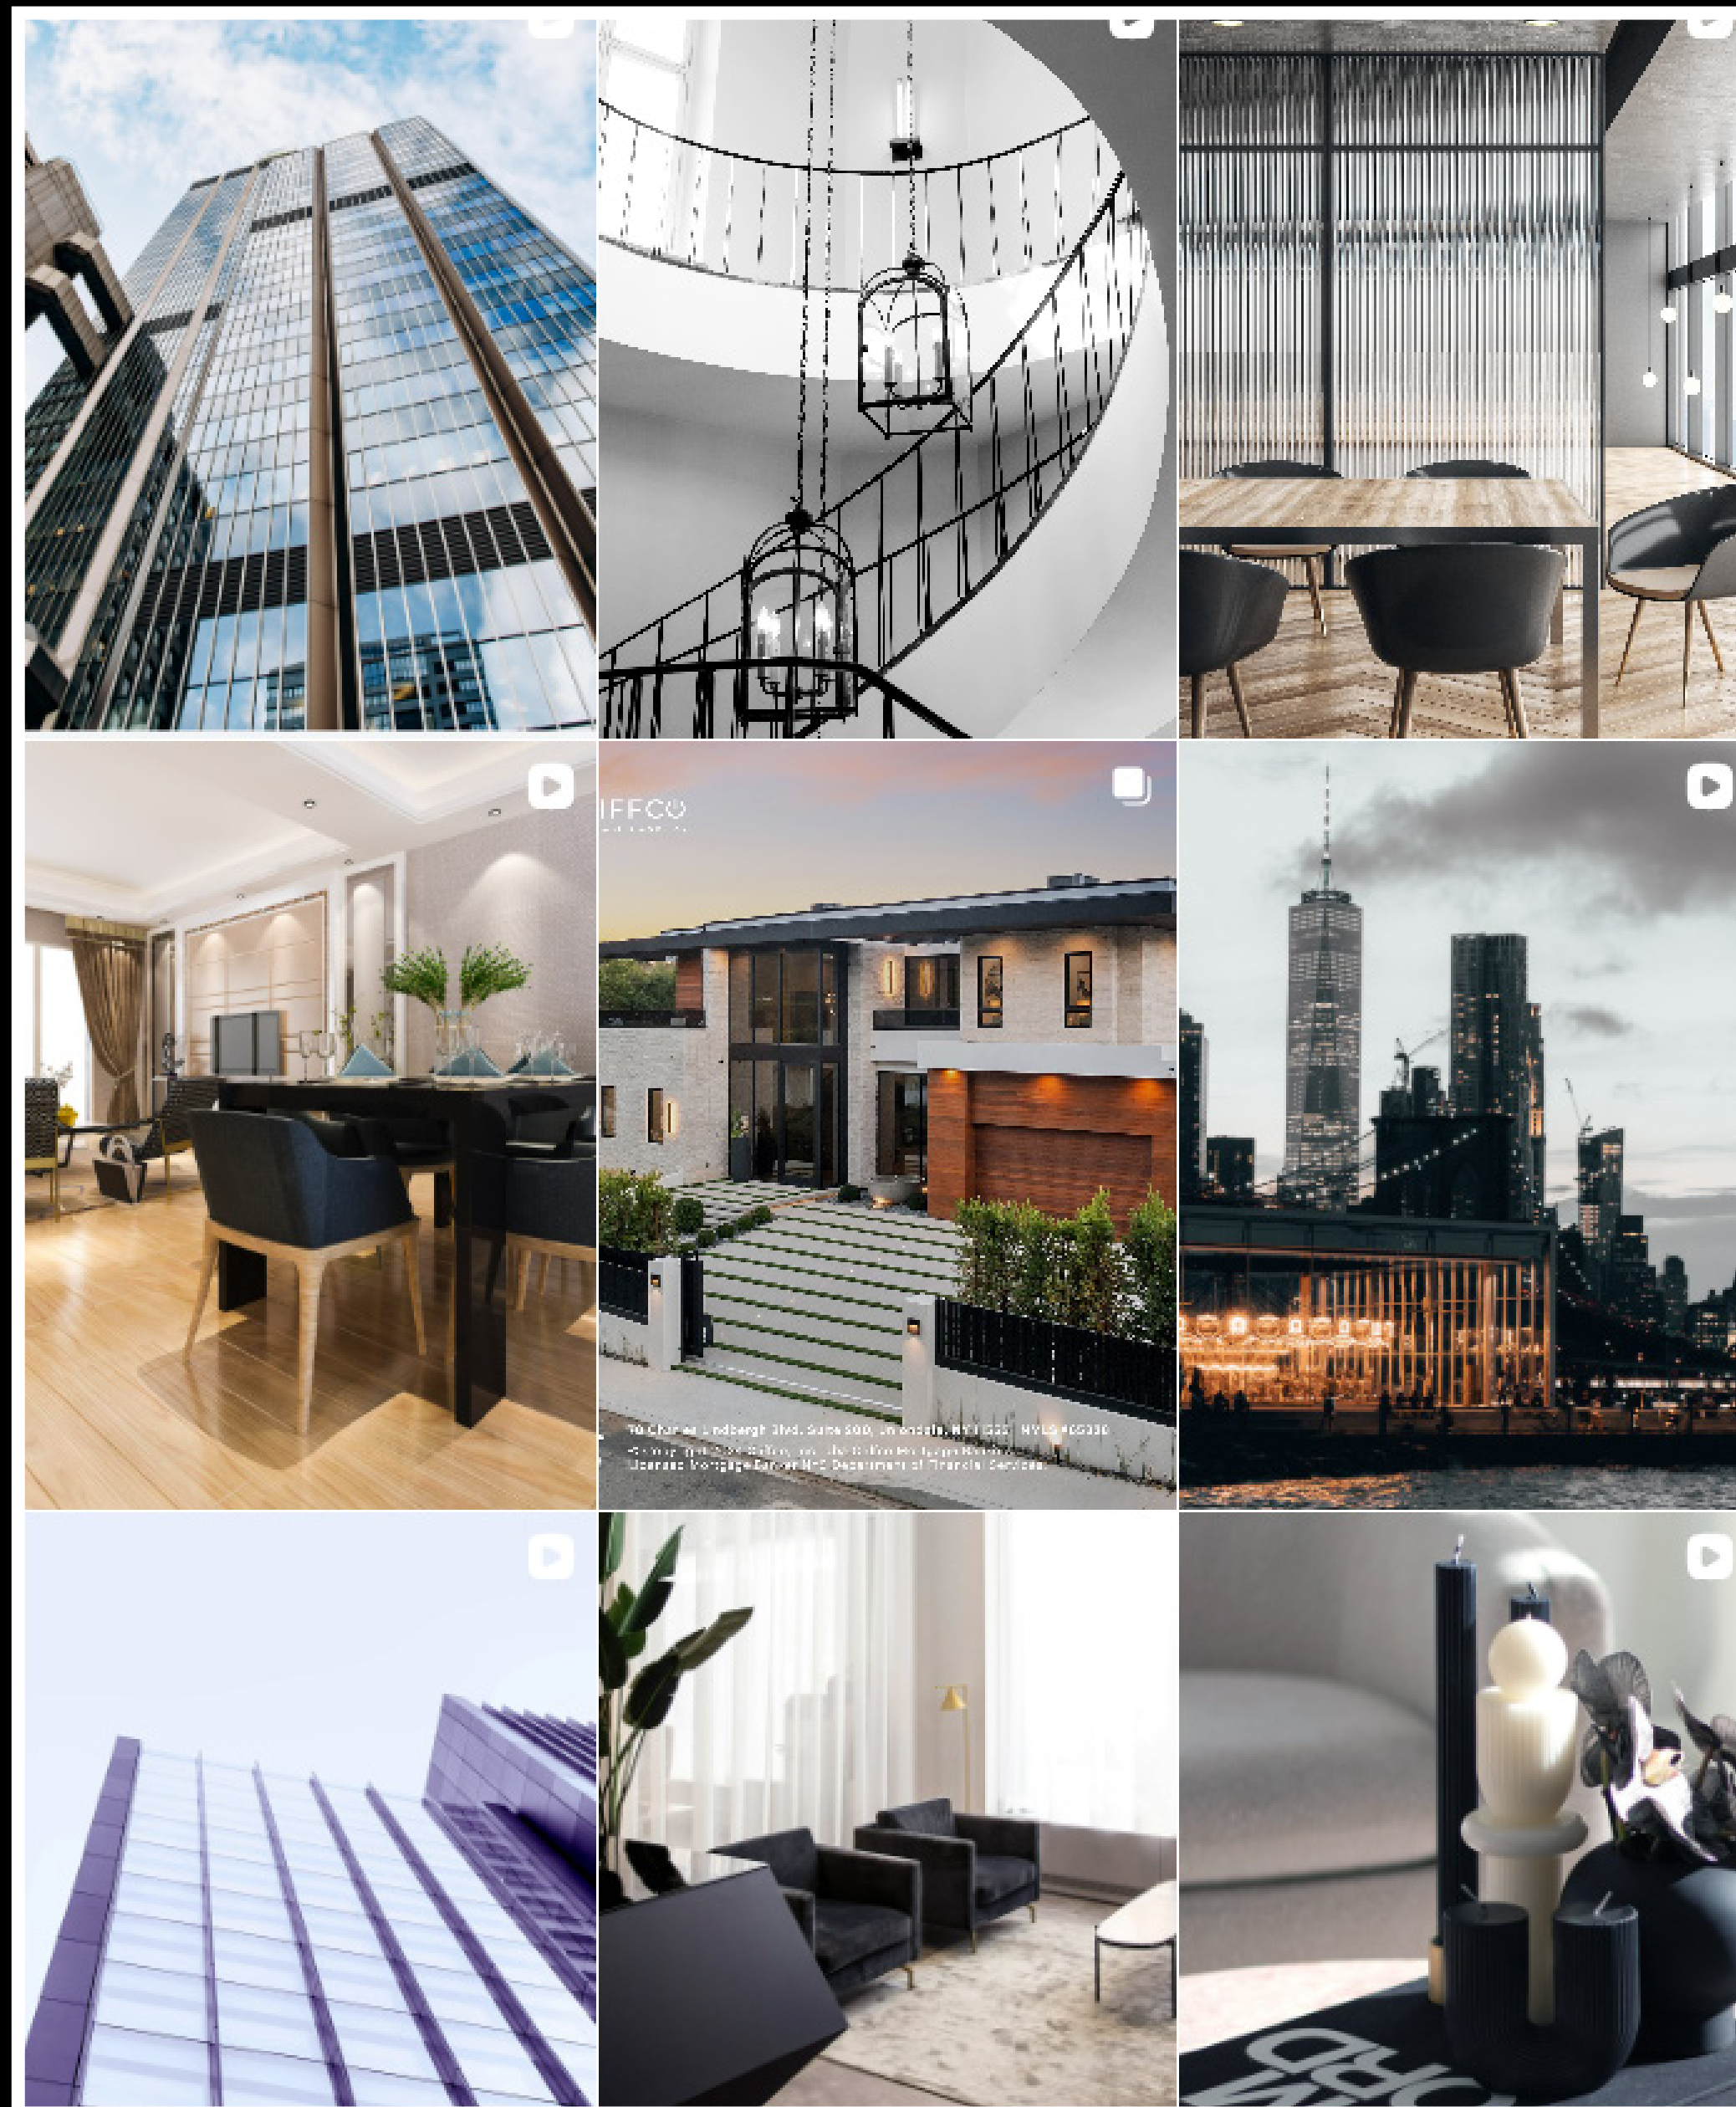

Designs should still remain clean and minimalistic in nature.

Icons should use a thin-line minimalistic style and can be used in Rich Black or Bright Plum against light backgrounds, and used in white, Ice Blue, or in a gradient of Ice Blue and Bright Plum against darker backgrounds.

SOCIAL + PHOTO

Our social media grid should reflect luxury, power, minimalism, and a clean aesthetic. Cover images should be used for all posts, and the photos should have subtle hints of our brand colors of black, white, and purple. Only high-quality images in cinematic style should be used.

SAMPLE GRID

Please note that all social graphics should include at a minimum the EHL logo, company logo, and company NMLS#. Please reach out to compliance for additional social media requirements for each post. The images to the left do not necessarily reflect the correct compliance requirements.

Full or icon logos should be placed strategically or in one of the four corners of the social image.

SOCIAL ICONS

The black or white icons can be used in any of the four corners of a social graphic depending on best viewability. Full logos can also be used on social graphics if appropriate.

When adding the EHL and NMLS, they should be placed on a different corner than the logo. The NMLS should be placed under the EHL.

2-1 BUYDOWN

CLIFFCO
MORTGAGE BANKERS

HOMEBUYER’S PROGRAM FOR A TEMPORARY RATE BUYDOWN

With our 2-1 temporary buydown programs, Cliffco Mortgage Bankers gives homebuyers a fantastic opportunity to ease into their mortgage payment in the rising rate market. This program works when used alongside concessions from sellers or builders, in order to set up the temporary buydown subsidy account. With the help of this program, 24-hour pre-approvals, long term rate locks, and other technological innovations, buyers have the best chance of becoming homeowners even in this environment where interest rates are rising. **Example :**

HOW IT WORKS

Locked interest rate will be reduced by 2% for the first year, reduced by 1% for the second year, and then third year through term will be at the full locked interest rate. Example provided for illustrative purposes only: Interest rate is locked in at 6.99% (7.29% APR for 30 year fixed rate 20 down payment with seller paid temporary buydown subsidy).

YEAR 1

Year 1 principle and interest payment will be based upon **4.99%** interest rate.

YEAR 2

Year 1 principle and interest payment will be based upon **5.99%** interest rate.

YEAR 3

Year 1 through term principle and interest payment will be based upon **6.99%** note rate.
