The seasoned non-first lien mortgage is (1) a purchase money mortgage or (2) a closed end mortgage or HELOC mortgage not having any draws greater than \$5,000 in the past twelve (12) months – Withdrawal activity must be documented with a transaction history from the HELOC.

Limited cash to the Borrower must not exceed the greater of \$5,000 or 2% of the principal amount of the new mortgage to be considered a Rate / Term refinance.

The LTV / CLTV will be based off of the appraised value. Loan must be used to pay off existing lien on the Subject mortgage and cash to the Borrower must not exceed the greater of \$5,000 or 2% of the principal amount of the new mortgage.

Subject property recently vacated by borrower requires a lease and proof of three months' rent or mortgage paid at new primary residence to consider the property under DSCR guidelines. Subject property refinance is eligible if borrower is now rent free or residing in a different owned residence with lease and 3 months cancelled checks.

If borrower has less than 6 months ownership seasoning prior to note date, LTV/CLTV will be based on the lesser of the original purchase price plus improvements or current appraised value. The prior settlement statement will be required for proof of purchase price. Proof of improvements is required.

There is no waiting period if the lender documents that the borrower acquired the property through an inheritance or was legally awarded the property (divorce, separation, or dissolution of a domestic partnership).

If the borrower acquired the property within the last 12 months as a gift, award, inheritance or other non-purchase transaction, the LTV/CLTV will be based on the current appraised value. The lender must obtain appropriate documentation to verify the acquisition and transfer of ownership.

Cash-Out Refinance

A Cash-Out Refinance transaction allows the Borrower to pay off the existing mortgage by obtaining new financing secured by the same property or allows the property owner to obtain a mortgage on a property that is currently owned free and clear. The Borrower can receive funds at closing if they do not exceed the program requirements.

To be eligible for a Cash-Out Refinance the Borrower must have owned the property for a minimum of six (6) months prior to the note date.

In order to be valid, these home equity loans must comply with all requirements listed in Section Article XVI, Section 50(a)(6) of the Texas Constitution. Sellers should not rely on Onslow Bay's categorization of a loan as a "Cash-Out Refinance" for purposes of determining whether compliance with the Texas Constitution is required. Sellers should instead consult with their own legal or compliance resources to determine the applicability of Article XVI, Section 50(a)(6) to a specific transaction.

Seasoning = borrower's purchase closing date to note date.

There is no waiting period if the borrower acquired the property through an inheritance or was legally awarded the property (divorce, separation, or dissolution of a domestic partnership).

If the borrower acquired the property within the last 12 months as a gift, award, inheritance or other non-purchase transaction, the LTV/CLTV will be based on the current appraised value, max LTV 70%. The lender must obtain appropriate documentation to verify the acquisition and transfer of ownership.

When a refinance transaction is used, the borrower must have held legal title to the lot before he/she applied for the construction financing and must be named as the borrower for the construction loan. A construction-to-permanent transaction may be closed as a purchase, rate/term refinance or cash-out refinance. All construction work must be complete. See New Construction.

- For lots owned ≥ 12 months from application date for the subject transaction, LTV is based on the current appraised value.
