1 OVERVIEW

This Underwriting Manual outlines the requirements for underwriting residential mortgage loans sold to SG Capital Partners ("SGCP"). This document is an integral part of the loan underwriting process and should be reviewed in conjunction with all potential fundings.

The Underwriting Manual may not include all provisions or documents establishing the relationship between an originator and SG Capital Partners, and is not intended to replace, modify, or otherwise alter the terms of a respective counterparty's Seller Agreement or any other applicable agreement.

SG Capital Partners seeks to fund residential mortgage loans made to mortgagors with stable incomes and employment histories, and fully verified income and assets. All loans funded by SG Capital Partners will be examined and evaluated to determine whether the proposed loans generally conform to these guideline parameters. The qualifying specifications and procedures are meant to serve as a principal foundation to qualify, and each borrower will be reviewed in its entirety on an individual basis. SG reserves the right to decline any loan that they believe is not in the best interest of the Borrower or does not meet the spirit of the guidelines.

Loans that do not conform to the provisions of this Underwriting Manual will be comprehensively reviewed by exception only. All applicable mitigating and compensating factors to a policy exception must be fully documented and will be reviewed and considered prior to granting or denying any request for approval.

2 UNDERWRITING CRITERIA

The SG Capital Partners guidelines are intended to reference and supplement Fannie Mae's Seller Guide. Refer to the Fannie Mae Seller Guide for specific information concerning qualification requirements that are not specifically referenced in the guidelines. All loans must be manually underwritten with the exception of the FLEX Connect product which will utilize FNMA's Automated Underwriting System (DU®/DO®) and FHLMC's Loan Product Advisor (LPA®).

All Covered Loans must be designated as ATR compliant and must adhere to the standards set forth in the CFPB's Reg Z, Section 1026.43(c).

Federal, State, and Local High-Cost Loans are not permitted

Statement on Suitability

All loans are required to have evidence of agency ineligibility. This may be satisfied through a DU®/DO® or LPA® underwriting findings report in file verifying the loan does not qualify for delivery, or for reasons evidenced on the 1008. Alternatively, SG will accept a pricing engine printout evidencing more favorable pricing for the borrower.
